Profile

Hi I'm Ashish Uniyal

- I am pursuing MCA from Lovely Professional University distance education, and will be done with my Post-graduation till the end of this year.
- I'm a self-taught, self-motivated web developer looking for a chance to contribute.
- I have done online courses like Web Development bootcamp 2023 and Wordpress Development with PHP and rest API.

Skills

- *HTML5, CSS3, JavaScript, Wordpress, PHP, C/C++ and Python*
- *OS : Windows, MacOS and Linux*
- *Editor : VS Code and Chrome DevTools*
- *Bootstrap3, rest API and Postman*
- *Good at Problem Solving*
- *Great communication skills*
- *Multilingual (English and Hindi)*

Projects

1. Anime Love
   - It's a website for anyone who is interested in anime. It provides a Search option where whatever value the user submits, will be sent to the API endpoint. API then returns the data in JSON which gets presented by the front-end.
   - It was created using HTML5, CSS3, Bootstrap3, JavaScript, jQuery and the Gogoanime API.

2. My Portfolio
   - It is a website created to showcase my skills, connect with new and amazing people and display projects.
   - The single page website is made entirely by using only HTML5 and CSS3.
